The game rules:

1. Cut out the video call prop & score card above
2. Stick the video prop to a chopstick/straw/your finger
3. Make sure your score card & video call prop are in grabbing distance during every video call you attend
4. When an attendee on a video call you are a part of starts to speak without unmuting, hold up your video prop - if you are the first to hold up your video prop, you get 1 point
5. Collect your points throughout the week & see who in your organisation gets the most points!
